## Eastern Conference JC Dance Next Friday

### 'Las Doncellas' Organized As Honorary Club

Final approval of "Las Doncellas," newest SAC campus organization, was given by the Student Body Executive Board at its last meeting on May 2nd. The club is designed as a women's honor service club, similar to the men's honor service club, "The Black Knights."

According to the "Las Doncellas" advisor, Miss Agness Todd Miller, the club's primary purposes will be to help in entertaining campus guests of the administration, the faculty, or the students; to serve at dinners held in the college cafeteria; to usher at productions of the College players; and to perform such other hostess duties as it shall be called upon to handle. With the final approval granted last Tuesday, the club is now able to embark upon its service career with a membership of 32 students.

#### Organized By AWS

The club was organized by the A. W. S. cabinet at a meeting held on March 28 for that purpose, under the leadership of Margaret Clough, A. W. S. Doncella chairman, with Miss Miller acting as faculty advisor. Meetings are to be held monthly by the membership, which is limited by the constitution to approximately 30.

In its second meeting, held on April 25, the club adopted its constitution, and elected Audrey Russell as president, Edwina Cox as vice-president, and Carol Kern as secretary-treasurer. These officers will also serve as the club executive board. They are elected by a direct majority vote of the membership, and serve for one semester, or until new officers can be elected.

#### Members Named

The membership includes Marjorie Alexander, Barbara Brown, Marilyn Campbell, Joanne Clark, Ann Conner, Ann Disco, Pat Flaherty, Johnette Galbraith, Joanne Johnson, Marlene Kana, and Carol Kern. Other members: are Margarita Laramie, Lynn Schultz, Martha Snow, Charla Suder, Helen Walker, and Nan Weir.

In addition are: Nancy Barrett, Wyvonne Berry, Leslie Condon, Pat Conroy, Liane Crawford, Elizabeth Elliott, Bonnie Griffin, Hilda Ann Johnson, Shirley Lantz, and Rita Riggs.

Completing the list are: Peggy Ann Tozier, Viola Valles, and Jeanne Weltz.

#### Membership Requirements

Membership requirements include that the women students be in their second semester or better at Santa Ana College, hold a student body ticket, carry at least 10½ units, and have maintained a "C" average or better for the preceding semester. Members must also be approved by a majority vote of the club, and have been recommended by faculty advisors. Dependability is stressed. The club has no regular dues. Applications may be made on forms provided in the office of the Dean of Women.

"Night Must Fall" is the name of the SAC drama being presented this evening and Saturday evening at the college. Rita Riggs, Leslie Condon, and George Busdiecker go over their lines in final preparation for tonight's performance. Photo by Bill Dominguez

### Students Art In Former Union; Play Is Third Major Production

Remodeled from the former student union building, Studio "A" located on the Santa Ana College campus will be the scene of activity again tonight when the college players present the second performance of "Night Must Fall."

Presenting the opening performance last night, before a capacity crowd of 120 people, the drama production will be given for the last time tomorrow evening. The play, a three act psychological murder mystery written by Evelyn Williams and under the direction of C. L. Ford, college drama instructor, is the third major production given by the college players this year.

Paint, glue and constant hard work by Mr. Ford and the drama and stagecraft students have changed last year's union building from an aging structure into a modern studio theater which is similar to the "Circle Theater." The theater is located across from the library on the SAC campus.

A new lighting system including portable dimmers built by Dave Levin have been installed in the studio to add effectiveness to each of the five scenes of the play. The

### SAC Student Wins 2nd Prize In Art Contest

"Second prize in a current art scholarship contest went to Gene Schroff, SAC art student," announced Miss Frances Egge today. Miss Schroff receives a \$33 art course at the Rex Brandt, Phil Bike Summer School of Art in Corona del Mar.

Several sketches and paintings were entered by Miss Schroff. Her paintings in water colors received a great deal of praise from the school.

unusual set for the production was designed by Mr. Ford with the aid of two student assistants, Rita Riggs and George Busdiecker, Jr.

General admission tickets are on sale today in the business office or can be obtained from any drama student for \$1.00. Student tickets are available for sixty cents. Tickets can also be purchased also at the box office, if not already sold out.

### Blood Given For Local Hospitals

Over one hundred pints of blood were contributed to the Red Cross blood drive by students and faculty members, according to Ernest Crain, faculty chairman for the campaign. The bloodmobile was on the SAC campus Wednesday, May 3.

Contributions of one pint of blood per person, were held from 9 a. m. to 1 p. m. in the Student Union lounge. Visit of the bloodmobile was the first to any campus in Southern California, according to Crain.

A campaign to encourage students to donate their blood preceded the arrival of the bloodmobile. Mrs. Redman, representative of the Red Cross Chapter in Santa Ana, visited all the physical education classes during the week of April 24-28 and explained to students the need for giving blood, and its important uses.

Under the leadership of Carl Busdiecker, the student body government, was behind the drive 100 per cent and the cooperation of all SAC service clubs was asked by Busdiecker.

### Les Brown and Orchestra To Play; Seven Colleges Participate In Plans

By HAL CALDWELL

"The colleges of the Eastern Conference will present 'A Sentimental Journey' dance next Friday night from 9-1 a. m. in San Bernardino," stated Carl Busdiecker, president of the student body.

Members of every college student body of the Eastern Conference will be in attendance. Les Brown, the sentimental journey man, and his orchestra will be in person to play for the dance. Les Brown is currently featured on the Bob Hope show on NBC.

The dance is to be held in San Bernardino's beautiful Valley Ballroom next Friday night, May 12th. Tickets for the EC dance are on sale in the business office, \$75, at \$2 per couple, tax included. Dress—sport style is the proper garb for the dance.

There will be ten special dances dedicated to the junior colleges. Among them are the Toma Hop, Conference Caper, Tiger Tarentella, Panther Prance, Mt. SAC Shuffle, Don Beat, Hornet Hop, College Crawl, Pirate Polka, and the last, Sentimental Journey.

Chaffey, Fullerton, Santa Ana, Orange Coast and Mt. San Antonio are sponsoring the dance. The hosts are San Bernardino and Riverside. Chairman of the dance committee is Dick McKenna of Mt. San Antonio College. Secretary is

Alyce Klussman.

The purpose of the Eastern Conference dance is to create a better understanding in individual student bodies of the several colleges of the conference and thus promote an even more firendly and productive relationship.

### YM Breakfast Attracts Many

"A capacity crowd attended the annual college YMCA May Morning Breakfast today, held in the student union cafeteria from 7:30-9:00 a. m." stated Don Ayres, president of the college YMCA, this morning.

Jeff Cravath, head football coach at the University of Southern California, was the guest speaker at the breakfast, where he spoke on athletics and healthy living for the college male. The breakfast menu consisted of bacon, ham, and eggs.

Muriel Bergthold and Ernest Crain check list of blood donors who gave blood to the Red Cross Bloodmobile Wednesday. Photo by Bill Dominguez.

## INTRODUCING

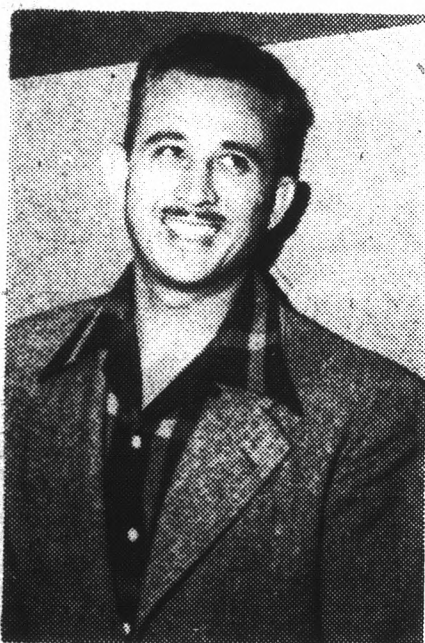

By JANE LINDEMUTH

"Blow, Blow, Gentle Wind," a non-fiction article by Hjalmar J. Petersen, Jr., appears in the 1950 publication of "Tavern Post," literary magazine, put out annually by Santa Ana College students. The article tells one of the most interesting experiences of a most interesting person. Action described in the article took place during Hjalmar's travels over the Yellow Sea on a tramp steamer going from Japan to Darien, somewhere in Korea.

### Traveled Around World

Jobs were hard to find during the depression days when Hjalmar graduated from high school. The Norwegian consul in Norfolk was a friend of the family and, hearing of Hjalmar's graduation, suggested that he take a six month's trip, thinking that upon his return jobs would be easier to find.

"I applied for a job as mess boy on a tramp steamer," Hjalmar grins, "and the trip lasted for twenty-seven months instead of the six I had originally planned. On that trip I traveled around the world three times before I came home again. We never knew just

HJALMAR J. PETERSEN

exactly where we were going. One time we had orders to go to Buenos Aires for some cargo. When we were half way there we received orders to go to Narvic, Norway, to get a load of steel for Baltimore. It was like that all the time. Made it more exciting, though." Before Hjalmar returned to the United States he had passed through the Panama Canal and through the Suez Canal three times. "We made the complete circle," Hjalmar says.

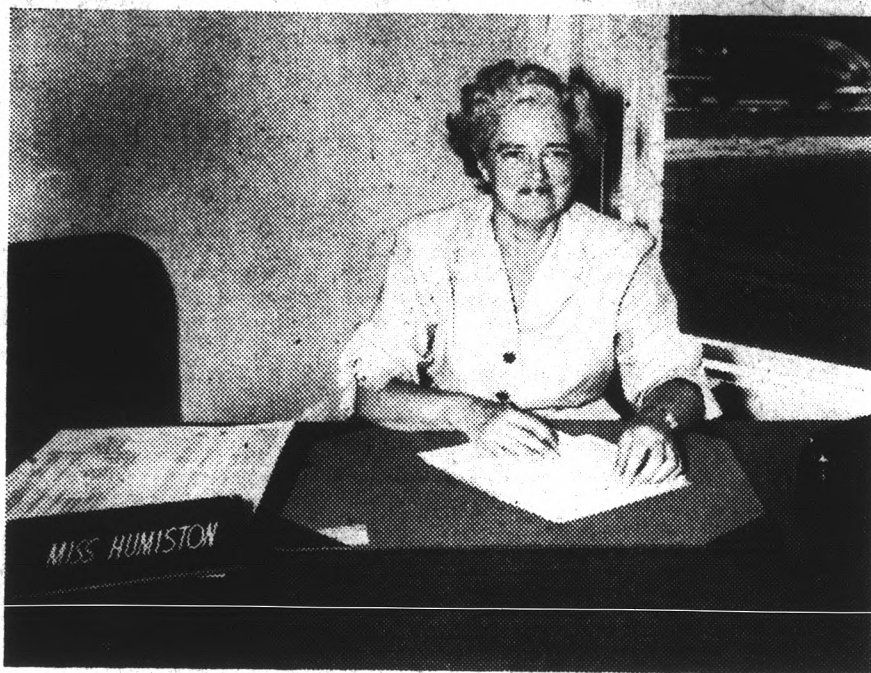

### With Navy Department

After his return to the States, Hjalmar served an apprenticeship with the Navy Department in aircraft mechanic motors at the Naval Air Station in Norfolk, Virginia. He transferred to Pearl Harbor at the outbreak of the war and later went into the Merchant Marines.

After the war, he returned to his work with the Navy Department, this time at the Naval Air Station in San Diego. While there he went to Coronado to have his teeth cleaned and met his wife, the former Miss Jean Miller, who was a dental hygienist, and married her two months later. "She's a wonderful girl," Hjalmar says.

After his marriage, Hjalmar was transferred to the El Toro Marine Corps Air Station and in September of 1949 he entered Santa Ana College. Following his graduation from SAC, Hjalmar will continue his studies in the teaching of life and natural sciences at UCLA.

"Is there anything else you'd like to know?" Hjalmar asked us. "I like to camp, fish, and bowl if that's any help." There was just one more thing we wanted to know—how to pronounce his name. "Just say it without the 'H' was Hjalmar's smiling reply.

Considering one of the many problems she must handle during each day's work is Miss Genevieve Humiston, Santa Ana College registrar, pictured above, who in addition to her work as registrar, instructs a course in shorthand during the early morning hours.

## "HALL OF RECORDS" IS NOW GOVERNED BY MISS HUMISTON

(Ed. Note—This is the thirteenth in a series of articles written by Jane Lindemuth, El Don feature writer, to acquaint students with the various departments and offices of the college.)

What are the duties of a registrar? What goes on around the neatly kept desks and modern filing cabinets of the serenely smiling, blue-eyed woman who watches over the Santa Ana College "Hall of Records"?

Miss Genevieve Humiston, SAC registrar, is probably the person with the longest school year in the Santa Ana school system. Several weeks before the first student appears at the information counter to inquire about registration rules and regulations, Miss Humiston is seated at her desk, juggling teachers, subjects, rooms, hours, and units into a workable schedule by which faculty and students may begin a well-organized school year. Long after the last students have started on their summer par-boiling at the beach and the teachers have sung their refrain of, "No more pencils, no more books, no more students' dirty looks," Miss Humiston and her crew of clerks and secretaries are jotting down the grade points of each student on the permanent record sheets.

### Registration Biggest Job

In filling her capacity as registrar, Miss Humiston is required to keep accurate records of the student's performance from the first time he makes an inquiry about the college until he transfers to another college or secures employment. Before registration the registrar must obtain records attesting to legal residence within the district and records of the student's previous school work.

"Registration is probably our biggest job," Miss Humiston smiles ruefully. "In addition to making out schedules we have to be sure that each student is taking the right number of units in the right courses. All program changes have to be made on all of the various records. This is why we like to do the job well in the beginning, and also why we are sometimes impatient with people who like to change their minds."

A separate ledger account must be made of the hours of attendance for every student. The state funds that support the school are allocated according to the rate of attendance. Mrs. Helen Crawford in her capacity as attendance secretary, aids Miss Humiston greatly with this task. In addition to the time spent in class, hours the student spends in extra-curricular activities, such as drama, field trips, and excursions, must be compiled in order to receive the state funds.

### Transcripts, Permanent Records

Mrs. Christina Lovas, secretary in charge of transcripts and permanent records, aids Miss Humiston in checking for graduation re-

quirements, figuring probationary statistics, issuing monthly grades to students on probation, and supplying data on students who are eligible for honors.

Mrs. Bettie Carter, secretary of general information, helps to answer questions and takes care of the switchboard.

Whenever she finds the time (and we don't see how she finds any, but she does) Miss Humiston works on committees having to do with school records, school procedure, and policy making. She makes studies of grades given at Santa Ana College and compares them with grades given by other colleges and universities. She checks on students who have transferred to other colleges to see how they are getting along and she makes predictions as to grade trends from one year to the next.

### Horses Are Her Greatest Love

There are probably many other jobs that come under the jurisdiction of the registrar, but we are rather exhausted from just thinking about those already listed so we won't worry about them. We will mention that she instructs a course in shorthand at 9 a. m.

## Tradition Important To SAC

Poor conduct of a small minority of students here at the college during the past two years has probably caused the elimination of the annual Fiesta Parade held in the city of Santa Ana during the past one-quarter-of-a-century.

It is the student body of the past, present, and future that make or break any college. The students at a college, such as ours, with fine traditions and a proud past, have much to live up to when they accept the responsibilities that go with enrolling in the school. The students at any college with a proud past must be aware of what is expected of them, and then have the discrimination necessary to carry out with traditional dispatch, these demands.

Graduates of SAC hold good academic records at four year universities, and have, for years, been successful upon entering the world of commerce. On the athletic field, here at SAC, we can boast of championship teams. So, why shouldn't we boast of our conduct this next Friday, the twenty-second anniversary of Fiesta? Why can't we, the associated students, show the public, as well as ourselves, that we can be like students of the past, when the atmosphere and the gay festivities of the occasion can be enjoyed by everybody.

## 'Tavern Post' Now On Campus

By DON MOORE

Today, a sunny day in May, the Tavern Post, SAC literary magazine, left the pressroom for the campus. This magazine, bound in an attractive green cover, containing 60 nicely printed pages, embodies the creative talent, and the editing and planning abilities of the students of Santa Ana College. The magazine reflects the thoughts, emotions, dreams, and hopes of a handful of students on our campus.

In 1929, a group of students, under the supervision of Mrs. Eleanor Northcross, formed a club dedicated to the purpose of discussing poetry and prose of their own and others. This club was named Tavern Tattlers. Since that time the Tavern Tattlers have been publishing an annual magazine, Tavern Post, which contained their writings.

The lead story, "America Is Really a Blessed Land," was written by Charles Huang, a student from China who is studying to be a doctor, in the form of a letter to his friend in China. Although the story is exceptional as a story, it is also a tribute to the will and determination of Charles who has known the English language for only a little more than five months.

Other non-fiction stories include "Friendship 'Par Avion'" by Nayan McNeill, the story of her correspondence with a boy in Occupied Denmark; "Blow, Blow, Gentle Wind" by Hjalmar Petersen, concerning his adventures on a tramp steamer in the Yellow Sea; and "Moore Frustration," a humorously treated autobiography by Don Moore.

Fiction for this issue was contributed by Gene Mitchell, who wrote "His Own Boss," "Frost" and "Phantom Hall" by Jane Lindemuth; "Mirage" by Hilda Ann Johnson; "Incident" by Shirley Turner; and "All That Glistens" by Thomas Sitton.

The poetry contained in Tavern Post runs from the ridiculous to the thought-provoking; Hilda Ann Johnson's "Canine Limerick" to Gus Maier's "Resort town In Mid-winter" to Eugene Cox's "Blue

When Miss Humiston is finally able to tear herself away from her records, she rides on horseback through the open country. She likes horses very much and plans her summers so that she can ride most of the time. Last summer she traveled on horseback through the Canadian Rockies and the summer before last she went on a trail riders' trip through Montana.

"There isn't very much time to ride during the winter months," Miss Humiston adds as she turns back to her filing cabinets. We believe her.

Compulsion" portray the complete cycle.

Falling in between these categories are such poems as "Intrusion" by Viola Valles; "Seventeenth and Bristol," "Cinquain," "Hokkus," "Years Ago," and "On Toeh's 'Chinese Poems,'" by Sarah Hicks; "To Be Myself," "Wandering," and "The Masque" by Peggyann Tozier; "Fantasia Mist" and "Cinquain" by Elizabeth Elliott; "Summer," "December," "Life" and "Song" by Jane Lindemuth; "Proof," "Old Story," "Who," "My Love," and "Summer Noon" by Hilda Ann Johnson; "Wonderful World" and "Destiny's Tools" by Pat Flaherty; "Your Eyes" and "Comment" by Nayan McNeill and "At Dawn" by June Herrick.

Although literary awards for the best prose and poetry of the year will be chosen from the selections in Tavern Post, no student had this in mind when he wrote for this magazine. As far as the student is concerned the mere publication of something of his is sufficient reward for his hours of work.

## SAC Donates To Bloodmobile Here

By STAN MANSFIELD

Wednesday, "B" day, on the SAC campus found students, faculty, clerical workers, and anyone else available who was healthy—I. Q. was not considered—being led by pretty Red Cross workers and friendly doctors around a temporary medical center in the Student Union where they donated a pint of blood to later be used for emergency cases in Orange County hospitals.

One unidentified student was found wandering around in a daze and was interviewed by this reporter. "I was just going down to the Union to have my nine o'clock cup of java and some gal, who didn't look like a vampire at all, drags me over to a corner, hands me a glass of orange juice, sticks me in the finger with a pin, and says, 'You're perfect,' the next thing I knew a doc was pumping a pint of blood out of me."

Ernest Crain, bloodhound no. one, is a veteran of 27 pints and says he feels none the worse after his 28th.

Official publication of the Associated Students of Santa Ana College, Santa Ana, California.

## Campus Music Student Wins Top Prize

Nancy Learned, SAC College student, was awarded first prize in the Instrumental Section during a contest sponsored by the Orange County Musical Arts Club held April 17 at Lathrop Junior High school. Her winning selection was flute rendition of Handel's Sonata Number Five.

Miss Learned won first place in the Advanced Division of the Instrument Section, and was judged winner of all instrument divisions having the highest overall rating.

The purpose of the contest was to encourage students in musical studies, and also to give them the benefits of impartial judging and criticism. The Musical Arts Club, sponsors of the contest, is composed of local piano teachers, singers, and professional musicians.

Miss Learned will play at the next meeting of the Musical Arts Club, to be held at 8:30 p. m. on May 12 in the Ebell Clubhouse.

## Rellstab Receives Appreciation Title

A Certificate of Appreciation was awarded Miss Isabelle Rellstab, head of the Santa Ana College Women's Physical Education Department, by the Southern Orange County Chapter Board of the American Red Cross for her services as a water safety instructor.

An authorized Red Cross water safety instructor, Miss Rellstab, received the award for over 300 hours of volunteer service during the past four years. Miss Rellstab has been instructing water safety and giving Red Cross swimming lessons at her own swimming school, Balboa, for the last three summers and the year previous to that as a volunteer at the YMCA pool in Santa Ana.

## Evening Division Sponsors Four Meet Merchandising Institute

"Selling produce profitably" was the theme of a four-meeting institute in retail produce merchandising, presented weekly through April and May by the Santa Ana College evening division and California State Department of Education, stated Stuart Carrier, Dean of the Evening Division, today.

In four two hour meetings, the last one being Wednesday, May 3, many retail produce problems were brought to light by discussions, and the use of sound motion pictures and colored slides. Remedies were offered through demonstrations and examples of proven merchandising techniques, and "take away" reference material with valuable pointers were distributed.

The meetings were designed to help retailers increase sales, reduce losses, and improve produce departments. New methods of efficient handling and selling of fresh vegetables and fruits were shown and discussed to acquaint produce operators, grocery store owners, and clerks with them.

## Club Holds Sale To Raise Funds

A "White Elephant" sale was held by the Newman club last Thursday, at the home of Lynn Schultz, SAC student, to raise funds for the club treasury, said Miss Marie Pound, club adviser, today.

During the evening sale a box of clothing was packed and sent to a foreign mission in China. This box was the third box of clothing to be sent to foreign missions during this semester.

After the sale, refreshments were served by hostess Lynn Schultz.

## Latest Fashions Featured At Women's May Morning Meal

Over 150 women students attended the "Mardi Gras," annual Women's May Morning Breakfast held in the SAC cafeteria from 7:30 to 9:00 a. m. on Monday morning, May 1, according to Miss Marie Pound and Mrs. Alan Revill, club advisors of Las Meninas, SAC women's service club, who sponsored the event. Women students were excused from classes to attend the affair.

A style show was featured as the "Mardi Gras" program's main event. Campus, sports, formal, and Sunday best styles from clothing stores located in Santa Ana and Anaheim were displayed by the models. Women acting as models

and displaying the clothes upon which Rita Riggs commented were: Barbara Pappas, Joan and Jean Neff, Margie Alexander, Liane Crawford, Sharon Carnahan, Edna Roberts, Joan Cahill, Joanne Johnson, and Maybelle Wilson.

## Geology Classes Practice Theory On Field Trips

To acquaint geology students with soil structures and rock formations, Mr. Horace H. Scott has been taking his geology classes on field trips to Costa Mesa and San Diego throughout the semester. Trips were taken in the students' cars in an effort to find things, and to recognize situations that they have learned in their text.

The Costa Mesa excursion found the students going to Emerald Bay and climbing the surrounding hillsides where they found specimens of various forms of shale, loose rock. Mr. Scott pointed out, that the finding of marine fossils on Costa Mesa is a substantial indication that the whole area was once under the sea. He also noted, that one of the specimens of shale, known as Monterey shale is known far and wide for bearing oil, but that most of the oil either has been taken out of absorbed.

The trip to San Diego resulted in the students going to the Museum of Man, the Museum of Natural History, and stopping along the coast to study geologic features. More trips are planned for the future, with one class going to the Santa Ana canyon Tuesday, May 9. In the past, classes have been known to go to the Grand Canyon and to Yosemite National Park.

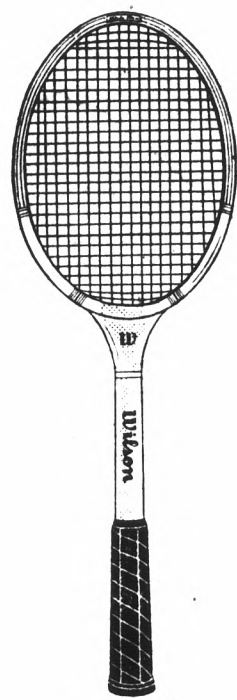

Honored guests seated at the speaker's table and introduced by Rita Riggs included: Mrs. Daniel C. McNaughton, wife of the director; Mrs. Lynn H. Crawford, wife of the superintendent of schools; Mrs. Oliver C. Lawson, wife of the assistant superintendent of schools; Martha Ann Rafn, president of Las Meninas; Miss Agness Todd Miller, dean of women; Miss Dorothy Decker, Miss Pound and Mrs. Revill, advisors of Las Meninas.

Shirley Sechrest, accompanied at the piano by Evelyn Campbell, sang two selections, "Diamonds Are a Girl's Best Friend" and "A Dream Is a Wish Your Heart Makes."

## AWS Shoeshine Day To Benefit Hospital

Associated Women Students of Santa Ana College will hold Shoeshine Day Friday, May 12, 1950 in the Student Union. The proceeds will go to the Orange County Hospital. Women students from Fullerton and Orange Coast are working with Santa Ana on this project, stated Janet Combs, AWS president.

Miss Combs and the rest of the cabinet have been very busy this semester here on campus. All are hoping that Shoeshine Day will be a great success not for their sake but for the people at Orange County Hospital.

## Spikesters Set Three Records In Winning Poly Royal Relays

Setting three records, Santa Ana College's highly spiked tracksters captured first place honors easily in the annual Poly Royal Relays last Saturday at San Luis Obispo.

Sparked by five first place victories, the Dons rolled up 65 points to defeat their nearest rival Los Angeles City College, by over 20 points. Iron man Brayton Norton of SAC recorded 11½ points individually to capture the meet's high point honors and win a wrist watch for the amazing fete.

### Dooley Sets Record

Jack Dooley made an outstanding leap of 22' 8½" in the broad jump competition to set a new meet record breaking the old mark by three-eighths of an inch. The Dons also established two more meet records in the sprint medley relay and the 880 relay.

Don Balsley, Dick Carson, Don Jamison and Floyd Strain streaked the medley course in 3:35 to break the old mark of 3:38.7 while the Dons also set a new record in the 880 relay event with the fast time of 1:28.5. The team was composed of Wayne Hudson, Brayton Norton, Jamison and Carson.

### Norton Cops First

Norton turned in outstanding javelin performance of his life by throwing the spear 190' 7" to cop first place honors while his teammate Kelly Hylton was only seven inches behind. Coach Ward's Jack-rabbits also won the distance relay in 10:56.2 with Paul Duncan, Tony DeLaRiva, Russ Ekstrom and Harry Quackenbush composing the winning team.

## Pigskin Schedule To Include Tilt With Trobables

Santa Ana College's 1950 football schedule will include a practice fracas with the USC Frosh squad to be held Friday night, October 21 at the Santa Ana Municipal Bowl, according to Coach Bill Cook, head pigskin mentor.

At the request of Chaffey, the Dons opening conference game with the Panthers has been postponed from October 6 to November 3. This change will give the Dons a bye on the initial eve of Eastern Conference competition.

With the addition of the USC tussle, the Dons have four scheduled practice tilts during their respective season. Coach Bill Cook's Dons will open their 1950 schedule September 15 against the El Toro Marines at the bowl followed by Long Beach City College on September 21 on the latter's field.

On Friday, September 24 the Dons will meet the Pasadena City College Bulldogs before opening conference play October 14 against the Riverside Tigers there.

## Donas Fall Victims To Softball Co-eds

Santa Ana High girls softball team defeated the SAC Donna's 8-3 behind a 17 hit attack on the high school diamond Monday afternoon.

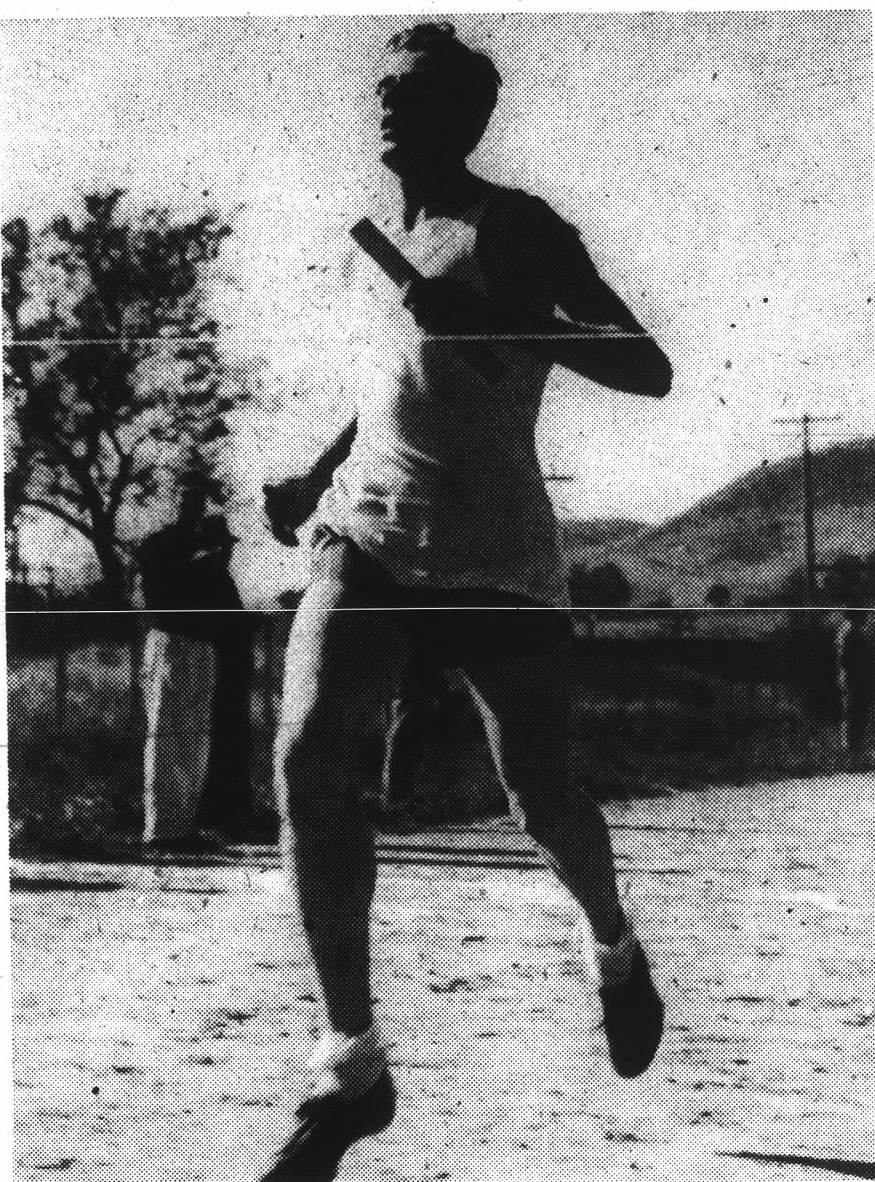

The Donna's were victims of 10 strike-outs while they collected 10 hits to push across their three tallies in the third, fifth and seventh innings respectively. The high school girls crossed home twice in the first and third innings, once in the fourth inning, two more times in the fifth and once in the last stanza.

## Wardmen To Meet Tigers Wednesday

Coach John Ward's Santa Ana College spikesters will conclude their respective conference schedule against the high powered Riverside Tigers next Wednesday afternoon at the Orange City.

The meet will definitely decide the 1950 Eastern Conference cinder champion and will get underway at 3 p. m. Following this hectic struggle, the Dons will enter the Fresno Relays next Saturday.

This year the Eastern Conference Conference run offs will begin Wednesday May 17 and conclude with the finals on May 20 at Mt. San Antonio Junior College. Track season will end for the locals May 27 when the National Junior College Track Championship will be held at the College of the Sequoias in Visalia, California.

A SAMPLE OF DON STRENGTH is pictured above in the form of Russ Ekstrom (top photo) and Jack Dooley (bottom photo). Ekstrom is the Don's leading distance runner while Dooley heads the list of SAC broadjumpers. Photo by Bill Dominguez.

## SAC Netters Gain Semi-Finals In Doubles Event Of Tourney

Two Santa Ana College netters gained the semi-finals in the doubles division of the All-State Junior College and College Freshman Tennis Tournament played at Ojai Thursday, Friday, and Saturday, April 27-29th.

Buddy Johnson teamed with Bob Johnson who won their first round match in a hard, three match battle with Redman and Werner of Santa Monica. The score was 6-2, 6-8, 6-4. They won the second round also as they defeated Teach and Zeimer of Compton decisively 6-4, 6-0.

In the third round, however, the two SA netters met their match. Johnson and Johnson (SA) lost to Doan and Barclay (Modesto) 6-1, 6-3. This was the semi-final match.

Paul Canon went to the second round in the singles division as he defeated Silbirt (Bakersfield) 6-0, 7-0. He lost the second round match to Hagist (Cal Frosh) 6-1, 6-0.

The other delegate to the tennis tournament Stan Miller lost in the first round.

## Dons Trounce Mt. SAC

Exploding to win eleven events, Coach Ward's mighty Santa Ana cindermen were one step closer to the Eastern Conference championship when they overwhelmed Mt. San Antonio College 91-40 yesterday afternoon on the local field.

Sparked by Brayton Norton's brilliant performances in winning the 220, placing second in the 100 yard dash, shot, javelin and broad

## Hornets Down Spirited Nine In Close Fray

Two Fullerton hurlers pitched four hit baseball as the Hornets and Dons opened the second half of the Eastern JC Conference race here, Tuesday afternoon by a 5-3 margin in a closely fought contest which pushed the Don's into fifth place in the second division of the conference standings.

Until the Hornet power house accumulated three runs on three hits in their half of the fifth frame the game looked much like a pitchers duel. Two well placed doubles was the feature attraction of the Hornet's big inning.

### Unable To Score

In the sixth and seventh innings respectively the Don's were unable to score despite the fact that the bases were loaded. In the sixth frame Bob Schlack drilled a thrilling line drive to left field that was converted into a double play retiring the side. In the seventh stanza Bob Danskin looked at a third strike to end the Don's threat.

Jack Goetting issued eight safeties as he suffered his third setback of the season. The Don's collected four hits off of two Fullerton pitchers. Two of the safeties came off the bat of Jerry Brancato. Louie Armendariz accounted for a double, and Tom Sittion contributed an infield single.

### Play San Berdoo Today

The Don's play the cellar dwelling San Bernardino nine Friday afternoon on the local diamond. Game time is slated for 3:00 p. m.

## HERE THERE AND EVERYWHERE

By DEAN GAUTSCHY

What a battle will be waged next Wednesday afternoon when the Riverside Tigers claw at the Don's undefeated track record with high hope for revenge from last year's one point defeat inflicted by Coach Ward's boys.

This is one track struggle you won't want to miss, because there will be plenty of thrilling excitement from the running of the first event to the final calculation of the score. Riverside boasts some outstanding runners including a miler who can trot the turf in min. 29 sec. which isn't too bad of a time.

### Will He Win?

Russ Ekstrom, the Don's lightning fast distance man, hasn't had to much competition thus far, but I bet you ten dollars to a don that he will have to use every trick in the book to sweep by the half crazed Tigers in the one and two mile events. It is interesting to note that the Dons thus far have never lost a race in the 440, 880, mile and two mile events.

### Winning Fame At SC

There is one ex-SAC spirit that Coach Ward has just reason to be proud of. His name of course is Jim Newcomb, who now is USC and specializing in the two mile event. So far this season nobody has ever defeated Jim even come close to this fete.

Last year at SAC Jim set track school records in the mile and two mile events in the outstanding times of 4 min. 22.9 sec. and min. 37 sec. respectively. Last week in a three way meet against Yale and Michigan State he again carried the Trojan colors to victory in the amazing time of 9 min. 22 sec.

JIM NEWCOMB

## Dons Trounce Mt. SAC

satellite skills by winning the discus and javelin events with outstanding distances of 127' and 182' respectively.

The Dons again came away with victories in all the distance events. Harry Quackenbush won the 880 in 2:00.8, while Russ Ekstrom captured the mile in 4:38 and Leonard Thorton jogged to victory in the two mile with time of 10 min. 18.2 sec.
